**Chalice Lighting**

***To be a Unitarian Universalist means we'll never be done with the work:  
the work of telling the truth about oppression  
the work of resisting any laws, policies, or practices that deny anyone their humanity  
the work of stubbornly seeking out the spark of the divine each other, no matter what  
the work of creating heaven on earth***

***To be a Unitarian Universalist also means we're not alone in the work:  
we are not alone because of our promises to love one another  
we are not alone because we are companions on the journey  
we grow ourselves into allies,  
helping one another get free —  
because none of us is truly free until we are all free.***

It becomes more.***

multiplying their power by all of our lives, and sharing it with the world.***
